

Karimisetti Santosh Kumar

AI & Full-Stack Developer

Rajam, Andhra Pradesh — 8919841484 — santoshkarimisetti@gmail.com

LinkedIn — GitHub

Profile

AI/ML-focused Computer Science student with experience building full-stack web applications integrating machine learning and backend systems using Python, Django, MongoDB, and React.js. Passionate about solving real-world problems through scalable software and practical AI solutions. Interested in backend engineering, AI-driven applications, and scalable software development. Continuously improving problem-solving and development skills through hands-on projects and practical implementation.

Education

B.Tech – Computer Science and Engineering , GMR Institute of Technology, Rajam CGPA: 8.73	2023 – 2027
Intermediate (MPC) , SRI GCSR Junior College, Rajam 95%	2021 – 2023
SSC , Sudha High School, Rajam 10 GPA	2020 – 2021

Internship Experience

DataPro Computers Pvt Ltd	Jun 2025
----------------------------------	----------

- Developed React.js UI components and integrated them with Django backend systems.
- Implemented CRUD operations and managed MongoDB database connectivity.
- Collaborated in a team to improve functionality and resolve technical issues.

Projects

AI-Powered Driver Safety & Passenger Security System

Built a real-time vehicle safety system with driver monitoring, SOS alerts, live location tracking, and passenger security features using Flask, MongoDB, Android, and React.js.

GitHub Repository

AI Resume Analyzer

Developed an AI-based resume analysis tool that evaluates resumes, extracts skills, and provides insights using Python and machine learning techniques.

GitHub Repository

Library Management System

Created a web-based library management system to manage books, issue records, and user operations with database integration and CRUD functionality.

GitHub Repository

Technical Skills

Programming: Python, C, C++

Web Development: HTML, CSS, JavaScript, Flask, Django, React.js

Machine Learning: NumPy, Pandas, Scikit-learn

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code, Tableau

Certifications

Business Intelligence and Analytics – NPTEL (2025)

Software Engineering – NPTEL (2025)

Programming in Modern C++ – NPTEL (2025)

Introduction to Industry 4.0 and IIoT – NPTEL (2026)

TCS Data Visualization Virtual Experience – Forage

Strengths

- Problem Solving
- Quick Learner
- Team Collaboration
- Adaptability

Languages

- English
- Telugu
